Dear Colonel Williams:

Enjoyed seeing you Sunday and hope we can
get together on these experiments very shortly.

Hope you won't forget to see Private Jandela,
Serial No. 32,375,678.

Also, here's another man whom we had all
lined up for a job at our place and actually had his
resign from his civilian position, I understood, and
didn't take him on only because his investigation
security had not come in. His security clearance has
since come in but in the meantime he was drafted. He
is Edward Bartels, Private, Serial No. 32263234, Com-
pany B, 571 Engineers Corp, Camp Edwards, Mass.

Please don't forget to let us know if you
can square a few officer allotments to be set up.

With kindest personal regards, I am

Sincerely

Joan
